

Thus far, the SFCSS Building Committee has spent RM 1.144 million on site preparation work. RM 4 million has been raised through donations and government grants which will go towards footing the construction cost of the new SFCSS Building.

Our collective challenge is to raise the RM 8 million more needed to complete the construction of the buildings.

Therefore, it is imperative that we join hands in this worthy cause to shape the futures of our children and their children's children because education is indeed the key to success.

SFCSS would like to reach out and appeal to both ex-students and general public to donate generously to our mission to provide the best learning facilities and infrastructure for our girls.

There are three tiers for sponsorship, the first being the top tier whereby sponsors of RM88k, RM60k or RM50k will have naming rights for classrooms, science laboratories, workshops and special rooms. The middle tier is sponsorship of the wall of recognition with contributions of RM10k, RM5k or a minimum of RM3k.

The final tier includes any amount a person is willing to contribute, either named or anonymously sponsored. The committee accepts pledges in the form of cash, cheques, direct bank transfers or ATM bank-in with proof of receipt.

All contributions to Tabung Pembinaan SMK St. Francis Convent (M) Alliance Bank Berhad Account Number 101960010185048 is eligible for tax exemption as approved by Lembaga Hasil Dalam Negeri (LHDN) and official tax exemption receipts received from 15th March 2015 to 14th March 2018 will be issued under the reference no. LHDN.01/35/42/51/179-6.5801.

This is indeed a calling for every one of us who believes in fair and equitable education for all. We can each make a difference, one brick at a time, in providing high quality of education for our girls so they may achieve their dreams while simultaneously helping our society as a whole progress towards greater heights. If we all do our small part, nothing will stand in the way of making SFCSS's new campus a reality come 2018. "The future of our school depends on you." St. Francis Convent, amare et servire.
